1. How did you get started in Reining?

My reining adventure started when I was young. My dad took a horse magazine to Mexico and I saw a picture of a reining horse I knew that was what I wanted to do. So when I moved to the US and attended a live reining show I fell in love with the sport. I appreciate every horse I've had along the way that has taught me something and made me a better rider.

2. Favorite moment showing

I can mention few winning moments and numerous good runs I have had myself, but my favorite moment is seeing my son's face walking out of the show pen with a high score when he competes in a show.

3. Most embarrassing reining moment

As competitive rider, I hate to come out of the show pen with a zero score after having a great run, and I accidentally back up my horse at the end when I wasn't supposed to back up.

4. Favorite reining maneuver and why

My favorite maneuver is the stops because I love the adrenaline of going fast and slide long and deep into the dirt.
